Les rectifications orthographiques de 1990 autorisent l'emploi du *è* pour tous les verbes en *-eler* et *-eter* (sauf pour les verbes en *appeler* et en *jeter*). Dans ce cas, le *e* du radical se change en *è* quand la syllabe qui suit contient un *e* muet : *elle ruissèle*, *il détèle*, *il épousète* ; *il détèlera*, etc. Les noms en *-ment* s'écrivent comme le verbe.

Exceptions : *appeler*, *jeter* et les verbes de leurs familles redoublent *l* ou *t* devant une syllabe contenant un *e* muet : *j'appelle*, *je jette*, *j'appellerai*, etc. Et au passage, on recommande maintenant *interpeler* avec un seul *l*.
